SELECTMEN'S REPORT

The budget we are presenting to you this year reflects our recommendation and the advice of the Sounding Board and public hearings held in February. Full health insurance and a small raise are included for every town employee. The higher town officer's expense includes funding for part time help to assist Ellie Lang in the office, the postage increase, data processing and the annual update of the town tax maps.

Solid waste is the largest single operating expense in the municipal budget. While household waste tonnage is holding steady as a result of continued participation in our voluntary recycling program, the cost of disposing of ever increasing amounts of construction material has had a significant impact. Last year demolition/construction debris accounted for 33 trips for 192 tons at a cost of \$16,028. In 1993 we accepted 116 tons and in 1992, 778 tons. We are discussing implementing special days and hours for acceptance of this material and have met with the Bartlett selectmen to investigate the purchase of scales for initiating a per ton cost program.

The refactoring of the 1990 revaluation percentages has resulted in a lower sales-assessment ratio from 150% in 1993 to 97% in 1994 for a more accurate reflection of the current market. 36 building permits were issued in 1994 including 7 single family homes with a valuation of \$1,098,000.

Enhanced 911, the statewide emergency dispatching system, is in preparation. Members of the Jackson Fire Dept. have begun calculating and mapping the mileage on the town's roads. Roads with similar names such as Sugarhouse, Sugar Hill, Sugarbush or Thorn Hill and Thorn Mountain roads will have to be renamed to avoid confusion when emergency calls are dispatched from Concord.

Anticipated repairs to town property include painting the Town Hall, installing a new stove in the library and replacing a Fire Station door to accommodate new equipment.

We extend our sympathy to Sue Lunt and to the family of the late W. Robert Lunt. Bob's gentle humor and commitment to the office of Town Clerk and Tax Collector is an example to all of us of a true public servant.

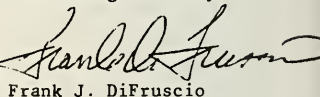

While the summer season was economically successful, the winter economy has been hindered by the unseasonable December and January weather patterns. Added to this concern is the prospect of the state curtailing its budget which will naturally have an effect on towns as the state's scope of services is narrowed. It seems likely that the revenues returned to the towns and counties will diminish.

The Town should take great pride in the number of volunteers who serve us. They are members of the Jackson Fire Department and the Bartlett-Jackson Ambulance Service. They are the 30 residents who faithfully attend Planning Board, Conservation Commission, Zoning Board of Adjustment and Trustee meetings. They are Chuck Stone and Bob Temple who tend the skating rink, Peggy Kramp who lends a hand in the town office, the Mountain Garden Club who cares for the gazebo perennial garden and Jackson's Eastside Walk Foundation who added benches to the path along the Wildcat. We are fortunate to have dedicated employees keeping our roads clear and passable, our town safe and secure, our town office organized and accessible and the transfer site running smoothly.

Respectfully submitted

LIBRARY TRUSTEES' REPORT

The Jackson Public Library's attendance figures increased again this year, as did book circulation. The Librarian, Mrs. Priscilla Bissell, and her assistant, Mrs. Susan Way, continue their fine work.

The children of the Jackson Grammar School continue their Tuesday morning visits to the Library from 9:00-11:00. Allowing the children exclusive hours works well, considering the swelling school population. Anne Kantack and Linda Dupuis volunteer their services on Tuesdays, keeping a list of students' book choices.

The Jackson-Bartlett Pre-School children pay occasional visits to the Library, and teacher, Melissa Grady, chooses new reading material for her students weekly.

The Trustees held a book sale which was very successful. The results of an honor system sale, leaving books on the Library porch, were gratifying.

The Friends of the Library, under the direction of Peggy Connolly, Chairman, and Marianne Limerick, Treasurer, were able to donate a considerable sum this year.

Jackson Ski Touring Foundation donated \$1,000. to the Library in 1994, and thanks are due to Thom Perkins and his fine organization. The Library received many other gifts of funds, books and periodicals, too numerous to list, but all deserving thanks.

The Library was fortunate to receive the volunteer efforts of Doreen Wigglesworth, Barbara Moreton, Doris Luneau and Ursula Gainty. The Trustees and Librarian also appreciate the efforts of Rich Johnson for his willingness to include our news in the town column.

REPORT OF TRUSTEES OF CEMETERIES

For the fourteenth year, Pat Donnelly survived heat, bugs, and mis-directed golf balls to keep the Jackson Cemetery maintained in its usual excellent condition. A new riding mower was purchased this year to help with her efforts. We also appreciated the talents of Floribunda, who plant and maintain the flower beds each year.

At the newly expanded Dundee Cemetery, split rail fencing was erected to comply with state statute. It fits in very well with its surroundings. Dean Davis did a great job upgrading a neglected rear corner of the cemetery, clearing and filling the area and rebuilding a portion of the old stone well. Dean also keeps the Dundee Cemetery mowed each year.

Further maintenance and filling of graves is budgeted for the upcoming year. In 1994, six graves were assigned in the Village Cemetery and seven graves in Dundee.

**JACKSON CONSERVATION COMMISSION**

The Jackson Conservation Commission met monthly on the second Thursday of each month at 5:00 P.M. at the Jackson Public Library as prescribed by New Hampshire State Statute.

The completed walkway along the Wildcat River and the gazebo are seeing great use by visitors and residents. The Commission wishes to thank the Garden Club ladies for the perennial flower planting at the gazebo. The electrification of the gazebo is completed. The

Town of Jackson, New Hampshire

work done by Bob Temple in digging the ditch for the electric wire was greatly appreciated. Again, thank you, Bob! The funds donated in Bob Lunt's memory paid for the electrical work and materials. We plan on placing a commemorative plaque on the gazebo acknowledging his interest in the gazebo.

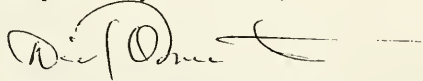

Fish were planted in the Town Pond at the request of a number of residents. This was done for the children. Please respect the regulations posted.

We have asked the Selectmen to take action on several septic violations. The trail clearing and trimming at Prospect Farm is in the process, and again these trails are not those being used by the Ski Touring Foundation. Funds requested at this Town Meeting will be allocated for this work.

We have two new members - Emily Benson and Joe Gill replacing Richard May and Kevin O'Connell. We thank both Richard (Dick) and Kevin for their input and participation on the Commission.

The Commission continues to need everyone's help in monitoring the Town's environment; clean water without pollution, aquifer protection, prevention of polluted run off and soil erosion prevention are vital to the future of all of Jackson's citizens and our children who will inherit our Town. Our environment is fragile and must be protected from destruction in every possible way. If you have questions about our environment which falls under the Commission's jurisdiction, call or talk to any member of the Commission, or come to our monthly meetings held at the Jackson Public Library at 5:00 P.M. on the second Thursday of each month.

ROAD AGENT'S REPORT

The winter of 1993-94 was a cold and snowy one. Lots of frozen culverts and a problem with one of the sanders. There were two major breakdowns, one with the 1989 International and the other with the grader. 600 extra yards of winter sand were purchased.

Lots of equipment painting was done plus work in the Fire Station on equipment. A section of sidewalk was rebuilt with granite curbing in the village.

Roadside limbs and brush were cut, six culverts were replaced, 500 yards of pugmill mixed and put down along with roadside ditch cleaning.

A new water line was laid for flooding the skating rink. Upper Carter Notch, Tin Mine, Sugar Hill Lane, Jackson Highlands, Jackson Ridge and the Valley Cross Roads were tarred this year.

Dinsmore Road is a dirt road with constant maintenance problems because of pot holes and dust. I would like to put pugmill mix on this road to solve the problems.

The Town needs to replace the 1989 International before it costs the town any more money.

JACKSON POLICE DEPARTMENT

In May, 1994 John Kelly was promoted to the rank of sergeant and prosecutor for the Jackson Police Department.

In the fall of 1994 we changed the heating system at the Jackson Police Department from electric to oil heat which should show a saving in heating costs.

The 1994 Town Meeting put \$3,000 into capital reserve for replacement of the 1990 Caprice which now has over 107,000 miles on it. I feel we should put some money into capital reserve this year so that in 1996 we can replace our 1993 Blazer with another four wheel drive vehicle. By 1996 we will have about 100,000 miles on the 1993 Blazer and it would become our back up vehicle when we sell the 1990 Caprice.

**JACKSON FIRE DEPARTMENT**  
**1994 ANNUAL REPORT**

---

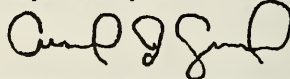

The Jackson Fire Department would like to thank the members of the community who generously donated to the Jackson Jaws of Life Fund-raising Campaign in 1994. The campaign began in March of 1994 with a \$1,000.00 donation from the Jackson Ski Touring Foundation and blossomed from there through individual donations from Christmas in July, the annual chicken barbeque, a grant award from the New Hampshire Department of Safety and memorial donations, all of which added up to \$22,000.00. The total amount raised allowed for the purchase of extrication equipment plus training and certification for 23 of the 24 members of the Jackson Fire Department. The tool was ordered in December and received in early January. It was pressed into service 15 hours after it arrived at the station, a record according to the Holmatro Tool manufacturer.

A fire truck chassis approved in the 1994 budget has been purchased and received. It is currently being stored in Gray's Inn Garage. The truck committee has reviewed specs and bids for the fire truck body and submitted them for town consideration and approval from the 1995 budget. The 1968 military Jeep Ambulance on loan to the town from the State of New Hampshire and used as a cascade system/fire-fighter rehab unit has had many problems, among them the drive train and the availability of repair parts. To address this issue, the fire department purchased a retired ambulance and retrofitted the vehicle for use in this capacity. The retrofitting was done with equipment from the Jeep by members of the fire department.

Training has continued for the department. In addition to training and certification in vehicle extrication, the department now has three more members who have completed training and are now certified as Firefighter I for the State of New Hampshire. Continuing education will be conducted in advanced vehicle extrication, driver training and career level firefighter for those who qualify.

In closing, the entire Department would like to remind the community to check the batteries in smoke and fire detectors each spring and fall when turning clocks forward and back. In addition, we would like to remind you to shovel snow from all exits from your home, not just those used on a regular basis.

Respectfully submitted,

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

In calendar year 1994, our three (3) leading causes of fires were No Permit, Children and Rekindles of fires where the fire was not properly extinguished.

Violations of RSA 224:27 II, the fire permit law, and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

To aid your Forest Fire Warden, Fire Department and State Forest Fire Officials, contact your local Warden or Fire Department to find out if a permit is required. This also helps to prevent unnecessary response to a controlled burn.

**BARTLETT-JACKSON EMERGENCY MEDICAL SERVICES**  
**ANNUAL REPORT**

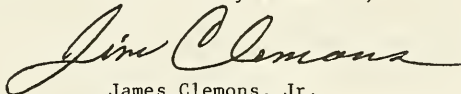

1994 was a quiet year as compared to the past few years. We had one hundred fifty-seven calls for service. Again, we would like to thank the fire and police departments for their assistance.

We have had many inquiries as to the little girl and her parents that were trapped in their vehicle at the entrance to Woodland Pines. I am pleased to say all are doing well, and the little girl will recover fully.

Over the years Bartlett-Jackson Emergency Medical Services has worked on many back country search and rescues with New Hampshire Fish and Game members. The passing of Dave Beyerle was a great loss to all of us that knew and worked with him. His knowledge and expertise will be missed.

Our taxpayer funding for 1995 has dropped about 20% from last year. This is mainly due to collections last year and anticipated payments this year.

**1994 ANNUAL REPORT OF THE JACKSON PLANNING BOARD**

The major accomplishment of the Jackson Planning Board during 1994 was the completion of their revision of the Land Subdivision Regulations for the Town of Jackson. The Planning Board conducted a public hearing on the final version of revised regulations on June 9, 1994 and voted unanimously to accept them. These revised regulations are better organized and easier to work with than the previous regulations and are coordinated with the current state RSAs. Copies of the 1994 Land Subdivision Regulations are available in the Town Offices.

The Planning Board approved two lot line adjustment applications and one 2-lot subdivision. Another 6-lot subdivision was granted final approval. The Planning Board had considered the application for this subdivision in 1991 and had granted a conditional approval at that time. However, the applicant did not complete the conditions and seek final approval until this year.

Throughout the year the Planning Board has met with members of the public who have requested advice on proposed projects or the interpretation of the Zoning Ordinance or Subdivision Regulations. Members of the Planning Board attended a statewide planning conference in April organized by the NH Office of State Planning. This was a good opportunity to meet planning board members from other towns and to discuss issues of common concern.

The Planning Board is not proposing any changes to the Zoning Ordinance this year. Looking ahead, though, the Planning Board is concerned about the wording of the Zoning Ordinance relative to commercial uses in the Village District. With the potential of the northern terminus of the Route 16 Bypass being close to Jackson, the Planning Board would like to have regulations in place which would direct potential development to be in a manner consistent with the nature of the Town.

Over the last several years the Planning Board has benefited from the technical assistance of the North Country Council circuit rider. With the completion of the revision of the subdivision regulations and the low number of subdivision applications, the Planning Board will no longer be using the services of the circuit rider. The Planning Board appreciates the diligent assistance provided by the North Country Council circuit riders, especially that of David Beauchesne. The Planning Board also is grateful to Dee McClave for her very competent and professional work as Secretary to the Planning Board.

Planning Board meetings are held in the Town Hall the second Thursday of every month, at 7:30 pm. All interested members of the public are welcome to attend.

Respectfully submitted,

Sarah Kimball, Chairman

**NORTH COUNTRY COUNCIL**  
**1994 REPORT**

The year 1994 has been a record project year for the Council. In 1994, we received approval for \$3 million of EDA Title I construction assistance for member towns and submitted a proposal for another \$1.5 million for a project in 1995. The \$4.5 million resulting from these projects will go a very long way toward development of jobs in three of the region's growth centers. We are working diligently to see another \$5 million investment in three other growth centers and development target areas over the next three years from EDA.

The Council's Transportation Planning program continues to grow in stature and accomplishments. In addition to completing a regional bike-pedestrian plan this year, we coordinated a regional transportation enhancement program which resulted in \$2 million worth of innovative transportation projects being funded in the North Country. We also provided major road and bridge technical assistance to eight towns in cooperation with NH DOT. Two additional towns received help with Road Surface Management Systems, bringing the total number of towns in the region with NCC RSMS programs to ten. This coming year will be busier than last with the assembly of our Regional Transportation Improvement Plan, Scenic Byways Initiative, Route 16 Corridor Study, Statewide Transportation Modeling Study and numerous local road and bridge projects.

In 1994 the Council hosted the second Annual Ingenuity Fair at Bretton Woods. The Fair showcased the products of 100 North Country manufacturers and was attended by 10,000 people. Our third Annual Business Conditions Survey was mailed to 3,000 businesses across the region. The results of the survey provided valuable insight into workers comp, credit availability, and general business conditions in the North Country. The fourth survey is being compiled at the time of this report.

The Council has also been involved in the design and development of three recreation facilities across the region and has provided engineering assistance for landfill closures, environment site assessments, large septic projects, road drainage and realignment projects and water system installations in 12 different towns.

With funding from the Environmental Protection Agency the Council was able to digitize hydric soils and high altitude satellite image maps of wetlands for all 51 towns in the region. The maps were distributed gratis to all towns in the region. The Council provided floodplain management, and flood insurance technical assistance to 7 towns this year and provided over 600 hours of local planning technical assistance. We continued to provide circuit riding planning assistance to two municipalities.

Two multi-community programs were started, one involving four communities, to begin a dialogue of use of the Moore Reservoir and the Connecticut River, and the other involving twelve towns to look at cooperative economic development in the central part of the region. Community Development Block Grants were written for five towns and all the grants were funded.

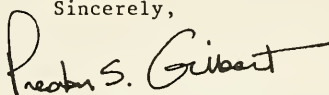

Town of Jackson, New Hampshire

The Council has accomplished all these projects (and many more that cannot be listed here due to space limitations), with a very small staff. We are committed to staying as lean as possible. Staff people on board that are available for regional activities are: Preston Gilbert, Executive Director; Cathy Conway, Engineering Coordinator; Claire Douglass, Planning Coordinator; James Steele, GIS Coordinator; Sharon Penney, Transportation Planner; Liz Ward, Small Business Development Coordinator, Berta Clark, Secretary; and Marghie Seymour, Solid Waste Consultant.

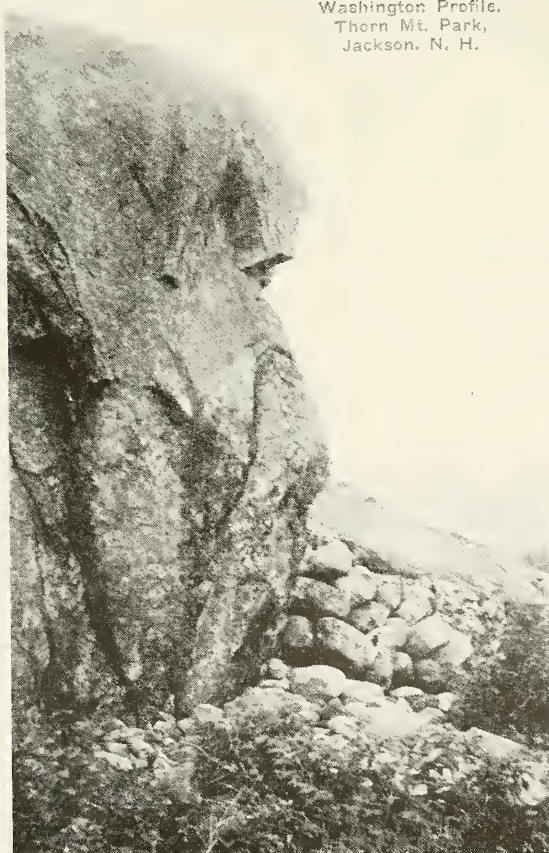

The Council is your organization. We are membership based, and we exist to respond to the needs of the region. On behalf of the Board of Directors, I want to thank you for your involvement and support. We're here as you need us.

Sincerely,

A handwritten signature in dark ink, reading "Preston S. Gilbert". The signature is fluid and cursive, with the first name "Preston" and last name "Gilbert" clearly legible.
